

DRIVER EDUCATION & TRAINING

Put the Brakes on Motor Vehicle Crashes:

The #1 Cause of Unintentional Death among Oklahomans Ages 5 to 19.

For state-specific Teen Driving information, visit Keys2Drive, AAA's award-winning website at TeenDriving.AAA.com

AAA has a full range of tools to help parents and teens through the learning-to-drive process. Keys2Drive provides parents an easy way to work with their teens through each of the three main learning-to-drive stages.

1. Before Teens Start Driving

Information and tools for the learning-to-drive process.

2. Driving With Supervision

Parents can learn best approaches to taking an active role in training and preparing teens to handle various situations.

3. Going Solo

Prepare for solo driving by understanding state laws, insurance requirements and driving risks, as well as steps to stay involved.

START SMART...
